

**Help Yawenta France support
the Yawenta Children's Center of Shashamane,
Ethiopia**

THE CENTRE :

Created in 2008 and implemented in Shashamane Ethiopia, Yawenta Children's Center provides free educational, medical, nutritional and psychosocial support to 135 children from 3 to 19 years old, half of them being infected by HIV. 23 employees are present daily to care for the children and to create an environment in which they can find the keys to a great future. The centre is managed by the Ethiopian NGO PACO and is exclusively funded by donations from all over the world.

YAWENTA FRANCE :

In a world where inequalities seems to always increase, Yawenta France is active in bringing its financial, material and moral support to the centre and its beneficiaries. If you also want to participate in our solidarity chain and offer your help, all souls are welcome in our association. Feel free to contact us for further information!

JOIN YAWENTA FRANCE!

Our association has the ambition to bring its support to Yawenta Children's Centre in the long-term. In 2018, the total amount of donations raised through our association reached 10100€ or 19% of the centre's annual running cost.

We therefore invite you to join our side aiding these children's future by participating in the development of the children's center with any amount you can or any other non-financial means.

All donations go to the centre's running and functioning costs.
For instance, 70€ finance the vegetable garden annual budget, 160€ cover the monthly student school fees and 600€ represent the monthly food budget for the school.
Yawenta France complies with the law of 1901 and is thus recognized of general interests
You can therefore deduct 66% of the donation(s) amount from your taxes
